Practical Training

(6 c.h)

Pre-requisite: Department Approval

The Student may choose, in approval of his /her supervisor, one of the institutions active in the field of information (a library, an information centre, a documentation centre) so as to be familiar with its various systems of work and understand the functions of that establishment through practical training. The student should spend at least 200 working hours in that establishment. The student must submit a report of about 10000 words.
